The director of revenue shall issue rules and regulations setting the standards and establishing the procedure for application for and issuance of the special personalized license plates and shall provide a deadline each year for the applications. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found. Where the director recalls such plates pursuant to the provisions of this subsection, the director shall reissue personalized license plates to the owner of the motor vehicle for which they were issued at no charge, if the new plates proposed by the owner of the motor vehicle meet the standards established pursuant to this section. The director shall not apply the provisions of this statute in a way that violates the Missouri or United States Constitutions as interpreted by the courts with controlling authority in the state of Missouri. The primary purpose of motor vehicle licence plates is to identify motor vehicles. Nothing in the issuance of a personalized license plate creates a designated or limited public forum. Nothing contained in this subsection shall be interpreted to prohibit the use of license plates, which are no longer valid for registration purposes, as collector's items or for decorative purposes.

3. The director may also establish categories of special license plates from which license plates may be issued. Such placard

shall bear a number and shall be in such form as the director of revenue shall determine, and shall be only used for demonstrations when displayed substantially as provided for number plates on the rear of the motor vehicle or trailer.

6. Notwithstanding any provision of law to the contrary, any person who has retired from any branch of the United States armed forces or reserves, the United States Coast Guard or reserve, the United States Merchant Marines or reserve, the National Guard, or any subdivision of any such services shall be exempt from the additional fee required for personalized license plates issued pursuant to section 301.441. Upon annual application and payment of a twenty-five dollar logo use contribution to the board, the board shall issue to the vehicle owner, without further charge, a "logo use authorization statement", which shall be presented by the vehicle owner to the department of revenue at the time of registration. **Application for use of the logo and payment of the twenty-five dollar contribution may also be made at the time of registration to the director, who shall deposit such contribution in the state treasury to the credit of the children's trust fund.** Upon presentation of the annual statement [and], payment of [the fee required for personalized license plates in section 301.144, and other] **a fifteen dollar fee in addition to the regular registration fees and presentation of documents** which may be required by law, the department of revenue shall issue a [personalized] license plate described in this section to the vehicle owner. **Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates issued pursuant to this section. There shall be no limit on the number of license plates any person qualified pursuant to this section may obtain so long as each set of plates issued pursuant to this section is issued for vehicles owned solely or jointly by such person.** The license plate authorized by this section shall be issued with a design approved by both the board and the director of revenue. The bidding

process used to select a vendor for the material to manufacture the license plates authorized by this section shall consider the aesthetic appearance of the plate. Any contribution to the board derived from this section shall be deposited in the state treasury to the credit of the children's trust fund established in section 210.173, RSMo.

**2. The director of revenue shall issue samples of license plates authorized pursuant to this section to all offices in this state where vehicles are registered and license plates are issued. Such sample license plates shall be prominently displayed in such offices along with literature prepared by the director or by the children's trust fund board describing the purposes of the children's trust fund. (1) An application in a form prescribed by the director for the particular specialty license plate being sought, describing the proposed specialty license plate in general terms. The application may contain written testimony for support of this specialty plate;

(2) Each application submitted pursuant to this section shall be accompanied by a minimum of one hundred applications and the specialty plate fee from eligible applicants who plan to purchase the specialty plate if the specialty plate is approved pursuant to this section;

(3) An application fee, not to exceed five thousand dollars, to defray the department's cost for reviewing the application and developing the specialty license plate, if authorized; and

(4) All moneys received by the Missouri department of revenue, excluding the twenty-five dollar specialty license plate fee authorized by this section, for the reviewing and development of specialty plates shall be deposited in the state treasury to the credit of the "Department of Revenue Specialty Plate Fund" which is hereby created. The state treasurer shall be custodian of the fund and shall make disbursements from the funds requested by the Missouri director of revenue for personal services, expenses, and equipment required to prepare, review, develop, and disseminate a new specialty plate and process the one hundred applications and to refund deposits for the application of such specialty plate, if the application is not approved by the joint committee on transportation oversight and for no other purpose.

2. At the end of each state fiscal year, the Missouri director of revenue shall:

(1) Determine the amount of all moneys deposited into the department of revenue specialty plate fund;

(2) Determine the amount of the disbursements from the department of revenue specialty plate fund which were made to produce the specialty plate and process the one hundred applications; and

(3) Subtract the amount of disbursements from the income figure referred to in subdivision (1) of this subsection and deliver this figure to the state treasurer.

3. The state treasurer shall transfer an amount of money equal to the figure provided by the director of revenue from the department of revenue specialty plate fund to the state highway department fund. 5. The department of revenue shall give notice of any proposed specialty plate in a manner reasonably calculated to advise the public of such proposal. Reasonable notice shall include posting the proposal for the specialty plate on the department's official public web site, and making available copies of the specialty plate application to any representative of the news media or public upon request and posting the application on a bulletin board or other prominent public place which is easily accessible to the public and clearly designated for that purpose at the principal office.

6. Adequate notice conforming with all of the requirements of subsection 5 of this section shall be given not less than four weeks, exclusive of weekends and holidays when the facility is closed, after the submission of the application by the organization to the department of revenue. Written or electronic testimony in support or opposition of the proposed specialty plate shall be submitted to the department of revenue by November thirtieth of the year of filing of the original proposal. All written testimony shall contain the printed name, signature, address, phone number, and e-mail address, if applicable, of the individual giving the testimony.

7. The department of revenue shall submit for approval all applications for the development of specialty plates to the joint committee on transportation oversight during a regular session of the general assembly for approval.

8. If the specialty license plate requested by an organization is approved by the joint committee on transportation oversight, the organization shall submit the proposed art design for the specialty license plate to the department as soon as practicable, but no later than sixty days after the approval of the specialty license plate. 9. An emblem-use authorization fee may be charged by the organization prior to the issuance of an approved specialty plate. The organization's specialty plate proposal approved by the joint committee on transportation oversight shall state what fee is required to obtain such statement and if such fee is required annually. its official emblem to be affixed on multiyear personalized license plates within the plate area prescribed by the director of revenue and as provided in this section. Any contribution to the organization derived from the emblem-use contribution, except reasonable administrative costs, shall be used solely for the purposes of the organization. Any member of the organization may annually apply for the use of the emblem, if applicable.

10. The department shall begin production and distribution of each new specialty license plate within one year after approval of the specialty license plate by the joint committee on transportation oversight.

11. The department shall issue a specialty license plate to the owner who meets the requirements for issuance of the specialty plate for any motor vehicle such owner owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of eighteen thousand pounds gross weight.

However, no additional fee for the personalization of this plate shall be charged.

14. Once a specialty plate design is approved, a request for such plate may be made any time during a registration period. If a request is made for a specialty license plate to replace a current valid license plate, all documentation, credits, and fees provided for in this chapter when replacing a current license plate shall apply.

15. A vehicle owner who was previously issued a plate with an organization emblem authorized by this section, but who does not provide an emblem-use authorization statement at a subsequent time of registration if required, shall be issued a new plate which does not bear the organization's emblem, as otherwise provided by law.

16. Specialty license plates shall bear a design approved by the organization submitting the original application for approval by the joint committee on transportation oversight. The design shall be within the plate area prescribed by the director of revenue, and the designated organization's name or slogan shall be in place of the words "SHOW-ME STATE". Such license plates shall be made with fully reflective material with a common color scheme and design of the standard

In addition to a design, the specialty license plates shall be in accordance with criteria and plate design set forth in this chapter.

17. The department is authorized to discontinue the issuance of a specialty license plate if the organization has stopped providing services and use-emblem authorization statements are no longer being issued by the organization. Such organizations shall notify the department immediately to discontinue the issuance of a specialty plate.

18. The organization that requested the specialty license plate shall not redesign the specialty personalized license plate unless such organization pays the director in advance all redesigned plate fees and all owners of such plates pay for the replacement of the existing specialty plate. All other applicable license plate fees in accordance with this chapter shall be required.

301.3152. Any person or organization who has received a notice of denial of application for development of a specialty plate may make a request within fifteen days of receipt of the notice for a review of the committee's determination at a hearing before the committee at a time deemed appropriate.

301.3154. Notwithstanding the provisions of chapter 301 to the contrary, all specialty license plate fees shall be twenty-five dollars in addition to registration fees. The provisions of this section shall not apply to specialty military license plates. The fees for specialty military license plates shall be assessed as provided for by the statute creating such license plate.

301.3999. 1. Any person who served in the active military service in a branch of the armed services of the United States and was honorably discharged from such service may apply for special license plates for any vehicle other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of eighteen thousand pounds gross weight. Any such person shall make application for the special license plates on a form provided by the director of revenue and furnish such proof of service and status as an honorably discharged veteran as the director may require.

2. Upon presentation of proof of eligibility and payment of a fifteen dollar fee in addition to the regular registration fees, and presentation of any documents which may be required by law, the director shall issue to the vehicle owner a special license plate bearing letters or numbers or a combination thereof as determined by the director, with the words "U.S. VET" in place of the words "SHOW-ME STATE". Such license plates shall be made with fully reflective

material with a common color scheme and design, shall be clearly visible at night, shall have a reflective white background with a blue and red configuration in the area of the plate configuration, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates pursuant to this section.

3. No more than one set of special license plates shall be issued pursuant to this section to a qualified applicant. License plates issued pursuant to this section shall not be transferable to any other person except that any registered co-owner of the vehicle may operate the vehicle for the duration of the registration in the event of the death of the qualified person. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms required by this section.
